ChatGPT

Some basic notes on how to use ChatGPT

Be Cautious!

- It is very useful in some ways, especially for coding, but be careful!

- Repeated Input ‘Jailbreaks’ and invented answers
- Faulty code
- WU guidelines

- **Alternative:**
  - Learn to google code, use the ‘help’ function of R, stackoverflow, GitHub

PQ-Formula

$$x_{1,2} = -\frac{p}{2} \pm \sqrt{\left(\frac{p}{2}\right)^2 - q}$$
